I am well. Gaining strength and flesh . . . R. S. Austin, Springfield, Mass.

In offering to planters the GRIP-TIE, the following advantages are claimed for it: Simplicity of application, greater strength, both of the Tie and of the Band, close adjustment and freedom from silp, which prevent any expansion of the bale, and the impossibility of removing the Band without cutting it. The award of the HighEST PREMIUM by the Texas State Fair to the GRIP-TIE over the Arrow and all other competitors, is simply an indorsement of the epinion expressed by all planters who have used it, as can be shown by letters and certificates in our possession. TEM adapted to the GERM THEORY OF DISEASE. All diseases and deformities of the Eyes, and deafness and ulcerations of the Eyes, are deafness and ulcerations of the Eyes, specialities; all others of the Head. Throat, Lungs, Heart, Liver, Stomach, Bowels, Kidners, Generative Organs, Skin, Rohes and Malignant Ulcerations, Scrofula—even those considered incurable—treated successivily. Cancer, Fistula, Piles, cured without pain. Every possible surgical operation performed. Lady Physician attends ladies. Medicated Baths, Color-rays, Electricity, Magnetism, utilized. Best references. Satisfaction guaranteed. Send for circular. Drs. MacRae. Blood & Fosket, Physicians and Surgeons. Proprietors. in our possession.

Arrangements have been made for the manufacture of Bands of superior quality and in sufficient quantity to supply any demand, and for the present the proce will be \$250 per bundle, of thirty Bands each.

The recent reduction in the price of ties was probably due to the competition of the GRIP-TIE, and as we offer a superior article at the same price, we trust dealers and consumers will recognize our claim to a fair share of patronage.

TO THE FRONT. The Pioneer Association of Memphis-Chartered October 1, 1871. Fifty Months' Dues Paid-Book Value Toward Maturity, \$83.72 per Share. NEW SERIES. NO BACK DUES "If a man says to his tenant that if he will pay him three or four dollars more per month than he has been in the habit of paying at the expiration of eight or nine years he would give him a deed of the property, the tenant would be most likely to of the property, the tenant would be most likely to accept the offer. This is the principle upon which these Associations work."

In order to meet the demand of many applications, this Association has decided to issue Quarterly Beries of Stock. Our subscription book for the Fourth Series, dating on the first day of July inst. is now open. The Series will be limited, and our friends are requested to hand in their subscriptions at once to the Secretary at the office of the Association, No. 291 Main street, up-stairs, who will be in attendance during business hours to give all desired information as to the workings of the Association.

ciation.

This Association is commended to the workingmen of Memphis particularly. Its history, its success, its present prominent rank in the financial and business circles of the city, its good work in the past, and its bright prospect for better work in the past, and its bright prospect for better work in the future, mark it as a prominent example of what the pluck, perseverance, stability and frugality of the workingmen of Memphis can achieve.

Our quarterly issuance of new stock opens up an opportunity to all classes to avail themselves of the benefits which attach to this Association by reason of experience, achieved success, and a low rate of working expenses.

THE next session will open on Thursday, September 27, 1877, and close on Thursday, June 27, 1878. The University is Hereafter Entirely Free The only fee paid by students is one of \$10 per session, for fuel, by those who room in the dormitories, and of \$5 per session by those who room elsewhere. Board of excellent quality may be had at \$10 and \$12 per month, by paying monthly, in advance. The necessary expenses of a student, omitting books and clothing, need not, therefore, exceed \$125 to \$150 per session. The departments of Chemistry and Natural History, and of Physics and Astronomy, are provided with a good supply of apparatus for experiment and illustration. The University, Law and Society Libraries, contain several thousand volumes, and will be increased. The course of instruction is thorough, and the Faculty is composed of able, experienced, christian men.

The University occupies a beautiful site, near the village of Oxford, in the midst of an exceptionally healthy section of country; and is, in a measure, free from those seductive influences by which so many young men are led astray in our cities and large towns.

The Law Department has been reorganized, and will be open for the reception of students at the beginning of the next session.

For healthfulness and beauty of location, the facilities it affords for the acquisition of a thorough education, the moral and christian influences thrown around young men and for CHEAPNESS, this institution is not surpassed by any of like grade in the United States.

A ND Proprieter of the Abstract of Land Titles in Tunica county, Mississippi. Look to your land titles. I have now complete, a perfect Abstract Titles of all lands in Tunica county, Miss., as it was before portions of the same were taken for Tate and Quitman counties. This Abstract shows that there are very few perfect titles in Tunica county. Many of them are utterly defective, and there are scarcely any that are not clouded by tax-titles. In some instances I find that valuable plantations, about the titles of which the holders have entertained no doubt, are held by titles that would avail nothing before a court, either in prosecting or defending a suit in ejectment. The defects in these sitles may generally be cured if they are ascertained at once and the proper remedy applies. I will furnish abstracts on short notice, charging one dollar for each conveyance noted on the abstract. Payable on delivery.
